Best To Come Sermon Series: John 20:19-23

“Receive & Be Sent”

1. Think about the moment when Jesus became most important to you. What was it that made it “click?” Share with your group.
  
2. “Christocentricity” is a theological word that means, “Christ at the center.” It is also a term that implies a right order for our Christian way of life. What might be some parts of your life that is “out of order,” that Jesus isn’t the center of?
  - a. If Jesus were the center of that part of your life, what would be different about it?
  
3. Read John 16:33. Brandon mentioned that the Best to Come for the church will be when we take peace out into the world. Name several items or areas in our community that need the peaceful announcement that “Jesus has overcome the world.” Spend several minutes with your group praying over those items, that they might know that peace.
  
4. An item of focus in the sermon was the church having “everything we need” for being sent out to cooperate in God’s saving work. We don’t always feel like we have “everything we need” for God to use us and often feel like we’re lacking. What do you feel like you’re lacking?
  - a. Our “lack” is a form of unbelief about what God has already said. What is the truth of the gospel about what you feel is lacking? (Example: lacking, not feeling qualified; truth, the Spirit will help me in my moment of need)
