The Beginning of the End: A Series in Mark | "Looking for True Worship"

Read Mark 11:1-25

1. As you read the passage, what verse stood out to you the most? Why? Where do you feel called to action? Spend some time with your group talking about what stood out to you.
2. In what ways have you seen "fruitless faith" show up in your own life lately - professing belief in God but lacking spiritual fruit? What do you think causes that disconnect?
3. The sermon talked about "eliminating distractions" that keep us from wholehearted worship. What kinds of things tend to distract you or get in the way of your relationship with God?
4. Brandon shared about personally praying for increased faith in being a better evangelist. In what areas of your walk with Christ would you like to grow in greater faith right now?
5. The message called us to not only pray for faith but cultivate distraction-free worship. What are some practical steps you can take this week to devote focused, regular time to worshipping God without divided attention? How can we keep each other accountable in that?
